Yatin Naidu

Achievements

Developed a decentralized AI-powered image generation platform using blockchain technology, enabling secure and transparent creation and ownership of digital art.

Built a predictive analytics dashboard for supply chain optimization leveraging machine learning algorithms and integrated with a smart contract system for automated execution of logistics contracts.

Skills

* Solidity Programming

* Blockchain Architecture

* Machine Learning Algorithms

* Deep Learning Frameworks (TensorFlow/PyTorch)

* Natural Language Processing (NLP)

Personal Info

Name: Yatin Naidu

Email: rudradave@example.net

Phone: 5138101162

College: Cummins College of Engineering for Women

Career Objective

To leverage expertise in Web3 and AI/ML to contribute to innovative software development and contribute to a forward-thinking organization. Seeking a challenging role where I can apply my skills and further develop my expertise.
